

Join our SWARCO Solution Team as

Senior Java Developer (m/f/d)

Standort: Berlin , Germany | Fulltime | Onsite

You can also apply for this position at our location in Zagreb or Amersfoort.

Ihre Aufgaben

The ideal candidate would be someone who has a passion for developing complex software solutions in Java, has a strong teamwork attitude and is willing and able to learn and constantly improve. Good knowledge of Java and relevant work experience in software development is a minimal technical requirement for this position.

Standard responsibilities will include:

- Working closely with the project team and project/product stakeholders to define and deliver effective SW solutions
- Analyzing and structuring product requirements
- Participation in team work definition, estimation and planning, evaluation of work results and continuous improvement process
- Designing, coding, testing, debugging and documenting software
- Working with and improving CI/CD pipeline
- Analyzing and troubleshooting issues

Ihr Profil

- 7+ years of proven experience in JAVA software development
- Understanding of Object-Oriented design concepts and design patterns, data structures and algorithms, Web service development
- Experience with Agile SW development and both object oriented and functional programming
- Knowledge of Kubernetes, Helm, Ansible and the Quarkus framework
- Understanding of micro-services and experience with developing application/services in Cloud (Azure) would be an advantage
- Strong affinity for teamwork, collaboration and supporting others
- Good communication skills
- Enthusiastic, self-motivated, affinity to learn and constantly improve
- Good command of the English language

Ihr Benefit

- Relaxed, supportive and collaborative working atmosphere
- Exciting projects within international environment
- Competitive salary and appraisal system
- Personal development through objective setting, performance reviews, personal development plans, training and certifications
- Mentoring system
- Employee events/teambuilding
- Flexible working hours
